Excellent review; good review of many of the nit-picky items that boards tend to cover. Easily picked me up several points on the exam. Best book of the three from Slack Inc. - those of us old enough to remember recall that Slack used to run the annual GI meetings so has a long affiliation with the gastroenterology field.

Great crunch time resource

By Ahmer Ibrahim

Great crunch time resource. Just took this dreaded exam a few weeks ago and I found this book very helpful in studying the minutia that is often tested. It is well written and presents things in a lighthearted way so that it makes learning painful material somewhat interesting
