From the Back Cover

In today's real estate world, many agents feel as though they're losing. They are trained to market themselves in a miserable and stressful manner: shouting to the masses and begging for business. It's humiliating and ineffective. Plus, there are no retirement plans, pension plans, or paths to exit with a profit. But it doesn't have to be this way.

As a real estate agent Josh Schoenly experienced these negatives firsthand and became determined to find a more effective and enjoyable way to attract clients. He succeeded, and now so can you.

In this book, Josh shares how you can take control with the winning strategies to attract business in a predictable and enjoyable fashion, without the hassle. Using direct response internet marketing and Josh's four-principle approach of Identify, Attract, Connect, and Converse, you'll build an audience of people who will be begging you to be their agent. You're about to learn how to play an entirely different game--a game you can win.

Good strategies with easy to implement processes to show you how to do what he teaches.

By Amazon Customer

Josh does a great job of laying out a strategy for attracting clients rather than chasing them. He makes it easy to understand and easy to follow. By laying out the steps in a simple stages he creates a powerful sequence that walks users step by step through the process, showing and explaining the how and why's of what he's doing. Not only does he show people what to do, he also tells you what not to do if you are wanting to attract clients, instead of chasing them. I'd recommend Attract to any real estate agent that is looking for ways to work with their ideal clients and stop chasing every lead all over the internet and beyond. If you want to take your business up a notch or two and simplify your life read this book and implement the ideas starting the minute you finish it.

There is a BETTER Way!

By Jeff Logue

There is a BETTER way, and in this book Josh outlines the exact step by step system you can follow to finally break free. Here's why you should read it: 1. This is the same exact process Josh has been teaching since I started working alongside him nearly 10 years ago, and it continues to produce consistent, reliable results. 2. If you're tired of the old school marketing methods that just leave you frustrated and ready to quit then this will be a very refreshing read. 3. The stories and examples that Josh shares alone are worth the read as he has quite the success story that will motivate and inspire you. I HIGHLY recommend it!

Great ideas and strategy!

By BJ

The strategies in this book make a ton of sense for selling real estate in the world we live in today. This is a book I wish I would've had when I was beginning in the industry! It isn't about "selling" and tricking people into calling you... it's about building real relationships with people, in new ways through new technologies/platforms, in a way that earns people's trust and eventually their business. Great stuff!!
