A misleading title. It should be called, "I like alot of old British cars"

By J.B.

Very light on information and in depth examination of the bevy of vehicles it covers. It's a book of opinion, that much is for sure. One too many fantastic vehicles are lacking from this book. "Ultimate classic car book" is a stretch of the imagination. This very well might belong in the fiction section. The history of classic cars is so intriguing, yet this book makes everything feel so boring. A mundane read with too many pictures. If you're looking for reading material on cars, no matter what the subject, look elsewhere

Perfect for the car lover

By FatFuzzySquishyThing

Perfect for the car lover! Purchased this for an artist friend who loves drawing cars. This book has amazing illustrations on all the pages, so they make really good models for an artist, plus there's information on all the cars too.
