It's simple the best of the First Certificate practice!!!

By Priscila

I liked a lot the content of First Certificate Trainer because there's some wonderful tips about how to tackle the test, and be succesful. In comparison with others editions it's quite better, in the way you have commentaries in two sample tests that is absolutly amazing! These attributes met my expectations, mainly, due to I didn't know how to do some test's parts, like the writings and speakings. Everybody who wants to have a definitive preparation for FCE should buy this book!
