Excellent Guide to Gay Sex

By C Barnett

Excellent, well-written informative book for gay sex. Pictures show sexual positions. Very brief, to the point information. Enjoy a good read. Takes gay men above and beyond the normal positions of love making. Think out of the box.

Buy This Book!

By ricardo_guerrero

Absolutely FANTASTIC. Axel is an amazing writer. The tone is very lighthearted, with many double-entendres and humorous anecdotes and jokes thrown in...which was the perfect way to write a book like this. If it were written any other way, it would have been boring. The book covers just about everything a gay guy could hope to learn about making the most of his time in the bedroom - with or without a sex partner. The photos are outstanding. Can't wait to try out some of this stuff in the future! HIGHLY RECOMMENDED, especially for those who are just starting out, and for those who have done the same things in bed for years and are in need of something different. I'd say every gay guy could benefit from this book at some time or another in his life. Don't expect to be able to do all the positions. Some of them are physically impossible. But, if you can add like ten of the ones he describes into your sexual repertoire, you'll have done good.
