GMAT Exam Success in Only 4 Steps

By S. Savov

I just got through the verbal review sections. The book is very thorough, insightful and easy to follow. I feel more confident after having read through the verbal chapters. I also bought the Kaplan 2007-2008 Comprehensive review - I have hard time following it and remembering the material (twice I got headaches just going through it). I hope this feedback helps a little. Best of luck!
