In this second exciting adventure of the British Navy in the American Revolution by Michael Aye, the Fighting Anthonys return to wage war against the colonials. This time Gabe is at the center of the action as he takes command for the first time. Not one to stand aside, he leads a daring cutting out expedition that ends disastrously. Separated from the crew, he is presumed dead. But his brother Gil knows better. Love, blood, and battle will unite the brothers once again-as long as the seas are running and their powder remains dry!

Awesome Book!

By R. Ward

This book was a pleasure to read. The history was well researched. The author knows his subject well. That is always a plus for me. The action was endless. I love that. The characters were relatable. There was never a lull in the book. I could not put it down. When is the next one in this series coming out?

apprehensions

By Ron Nelson

Before I purchased HMS Seawolf I wondered how my allegiance to the colonies (USA) would deal with, the attacking by the English. Having read the first book and previous battles against privateers and such I had formed bonds with the characters. I thought reading about their deaths would be very hard to take. On the other hand to read of a defeat to the fledgling colonists would have been even more difficult. By keeping the battles focus more on the privateer aspect, rather than the colonists, I was able to remain on the side of Lord Anthony. It was a great read with action, suspense, resurrection. Hearts were touched in all ways. Well done.

A compelling yarn

By A. J. Bond

Reading a Michael Aye book is like listening to an old salt as he reminisces. The stories are bold, brutal, and authentic; they never fail to entertain, and are written with a pace and style that is eminently suited to this genre. Sadly he has been let down in one small area; his publishers have not gone the extra mile in ensuring that the text is free from grammatical errors: a sign of our times, I'm afraid. But that should in no way lessen the pleasure derived from this, or any of his books; they are gritty, real and very enjoyable.
