Too Much "I"

By Helen G. Price

Self-help

Seems as if the author is satisfied with her life, and tells what she did as opposed to what caused her to choose, and make the decision. We all know how we want to live our lives, but how do we get there.

Same old, same old

By B. Cravath

I've purchased several of Robin's books and, while I really liked her first one, I am not so impressed with the others. Same stories over and over, written almost word for word. Buy her first book and be done.
