Excellent map for travel planning!

By Bama Bibliophile

I recently purchased this map to assist in planning a trip to Turkey. Before getting the map, I had tremendous difficulty trying to plan and visualize the route I wanted to take. Guide books and Internet maps simply didn't give me a sufficiently clear overview of the highways and cities in relation to the ancient sites I wanted to visit. Frustrated by this lack of clarity, I ordered the map. I was delighted to see that the map identifies historical sites in magenta ink, clearly showing the roads and modern cities nearby. The map index was also very complete, helping me find both ancient and modern sites with ease. Within an hour of examining the map, my travel buddy and I had mapped out the entire trip. This clear planning allowed us to maximize the time we had in Turkey. The result was a fascinating trip of a lifetime! If you want turn-by-turn streets and alleys, buy GPS maps. But, if you want an excellent map to help you plan a trip, this is a great one! Highly recommended!

Great map

By jasmine belthrop

I just got back from 5 days in Istanbul and used this map everyday. the transit map on the front cover was way more useful than I ever expected. The map is very concise, but it didn't help all that much because many streets in the Old City are unmarked. This map did help me make sure I was going in the general direction I

needed to be in. This map was extreme useful in the New City

8 of 8 people found the following review helpful.

Good map.

By ribbaz

It is made of a flexible material, i.e. not paper. Since it opens rather large it doesn't tear like paper would.

Great details, too.
