LOCH AND KEY BY SHELLI STEVENS PDF

All the military training in the world won't help him knock down her walls. The McLaughlins, Book 3 Years ago a terrifying attack left Kenzie McLaughlin trusting only a few men in her insular life on Whidbey Island-her brothers and her father. But when a sexy Navy guy who waltzes into the family pub doesn't hesitate to make his interest known, no amount of mental red flags are enough to keep her from being tempted to dip a toe back into the dating pool. Twice burned in the past, Brett Craven has sworn off serious relationships, at least while he's still in the Navy. A gorgeous redhead with a fiery wit and wariness of men, though, has blown his well-reasoned strategy out of the water. There's no denying the attraction between the two, but Kenzie teeters on a tightrope anchored on one end by hope, the other by caution. Because if she lets her guard down long enough to fall for Brett, it could leave her vulnerable to the one man who's been left free to prey upon her fear. Warning: This book contains a sexy Navy Chief and a gun-shy redhead. Make-out sex. Full-on sex. Whisky tasting. And a douchebag villain who can't forget the one who got away.

Loved how Kenzie's story unfolded with Brett!

By lorigonzo

Wow! I totally loved Brett! Alpha male who is tender, loving, sexy! He was the perfect match for Kenzie. I wondered when reading the first two books in this series how her story would play out. What kind of man she would need. And he was truly perfect and understanding for her.

Colin, Ian and Aleck - still wonderful older protective brothers. Love how they are with Kenzie. As any brothers should be. Delonna, Hailey and Sarah are awesome girlfriends who seriously crack me up. Love their friendship.

Kenzie and Brett are amazing together. Their chemistry is off the charts. It was nice to see them come together and work their issues out honestly and realistically.

My only fault with this book would be that a certain situation was over with quickly. But that is more because of my vengeful personality. Would have liked a little more come uppance.

Definitely cannot wait for Aleck's book. Can only imagine the heat from his story!

Loch and Key- The McLaughlins Book 3

By Brenda Gayle Massey

I have been waiting for Loch and Key to come out since book 1. It's clear that while the McLaughlin brothers are total Alpha Male Hotness rolled into very sexy, Scottish packages, Kenzie wasn't going to be swept off of her feet by just anyone. We are quickly introduced to Brett Craven in Kilty Pleasure as he comes into the family bar before being shipped out.

Brett has come back from his time at sea and his men are ready to hit the bar. While he is normally the responsible one he can't get the image of Kenzie out of his mind. She's not quite the easy going girl he thought she was going to be. Yet can you blame Kenzie after what happened to her in the past.

I loved Loch and Key. Both Bret and Kenzie had other idea's about their "relationship" but as in love and life things never go quite as planned. The sparks between these two are so bright and hot I couldn't not put this book down! It made me straight up laugh my butt off, and it had me crying. One of my top favorite Shelli Stevens books, and that's hard because I adore all of them!
