Made In Italy: Food And Stories By Giorgio Locatelli, Try it and prove it.

# MADE IN ITALY: FOOD AND STORIES BY GIORGIO LOCATELLI PDF

Giorgio Locatelli started helping out in the family restaurant at age five. He was raised in Corgeno in northern Italy, close to the Swiss border and Milan. Almost everything his family ate and drank was produced locally. He was told by the head chef at his first real Italian restaurant job that he would never make it as a chef. His grandmother, who shared her great love of food with him, said Giorgio would have to go back and show him. And so he did. After getting suspended from cooking school because of kissing a girl on the school's steps, he went on to become a greatly admired chef.

Made in Italy is a 624-page, vibrantly illustrated book full of Locatelli's recipes, insight and historical detail about Italian food. He combines food narrative with hands-on expertise of a top chef. He peppers the book with evocative stories and funny and often outspoken observations on the state of food today. This is the contemporary Italian food bible, from the acknowledged master of modern Italian cooking.

Absolutely wonderful!

By Comdet

While I appreciate most cookbooks from a practical sense, you occasionally come across a cookbook that you can just read for pleasure even if you don't use any of the recipes. This is one of those books. Simply a joy to read, with great stories about food, cooking, Italian life, and Locatelli's life.

The photography is just spectacular. It is impossible to page through this and not get hungry!

The recipes themselves are well presented, with ample descriptions of techniques and process. All the bases are covered, from antipasto to desserts.

Up until now my favorite Italian cookbook has been (The Splendid Table: Recipes from Emilia-Romagna, the Heartland of Northern Italian Food mainly since it reflects the regional Italian cooking that I grew up with. While my well-worn copy of The Splendid Table will always be at hand, it will be taking a rest while I enjoy Made in Italy. I've already purchased another copy as a gift for my sister.

Highly recommend!!

Elevating the Cookbook

By C J Petes

This is more of an elegant manifesto on Italian cooking than it is a cookbook. Locatelli is a restaurant legend and has an incredibly grounded philosophy about food (especially the native foods of Italy) and our relationship to it. In a personable voice, he describes how he came to be a chef, and what cooking means to him and Italian people in general. Almost every page contains a novel insight into a basic cooking ingredient, technique or process. Just the way he chops garlic is interesting and innovative. If you love cooking, food and/or cookbooks, this is a classic that must be on your shelf.

This is my second copy

By M. Stanley

which I bought for my chef. We just completed two weeks of culinary school in Italy. I like Locatelli story telling approach to the book.. Many of the dishes in the book we covered at school but this book gives more back ground information and he frees himself of some of the "traditions" followed in schools. It really enhanced my experience in Italy. I read my copy before I went and refer to it after. I wish I could have gone to his restaurant in Great Britain but we didn't travel there.
