NIGHT OF THE FOX BY JACK HIGGINS PDF

It is the spring of 1944 - D day. American Colonel Hugh Kelso is washed ashore on the German-occupied British island of Jersey. Since he knows about the secret D day invasion plans, the Allied Command sends in Harry Martineau and Sarah Drayton to rescue Kelso - or silence him. Relive all the intrigue and drama of this dangerous mission that will determine the fate of the free world. This is the original motion picture sound track from the highly rated TV miniseries adaptation of Jack Higgins's best selling World War II thriller. The all-star cast includes George Peppard, Michael York, Deborah Raffin, and narrator David Birney.

- Published on: 1999-12-16
- Format: Abridged
- Original language: English
- Running time: 100 minutes

Not to be missed

By A Customer

This book is one of my personal favourites, even among the works of Jack Higgins.

The discovery of old photographs of British war hero Harry Martineau dressed in a Nazi uniform serves as the starting point for this fast-paced historical thriller. Set on the Channel Islands during the Second World War, "Night of the Fox" revolves around Martineau's assembly of a team of doppelgangers who, posing as an elite German squad, are sent to retrieve a captured British officer - a man who knows the exact time and place of the Allied invasion of France. Things fall apart when one of Martineau's men drowns and is discovered to be wearing a R.A.F. uniform under his German one. Higgins skilfully keeps the story moving forward, and the remembered tale of heroism and sacrifice is told with just a hint of nostalgia, in a tone appropriate to the sad chain of events its heroes endure.

Warm World War II Adventure

By Kara J. Jorges

It's near the end of World War II, and Hugh Kelso is an American officer who knows important information about the pending invasion in France when his boat is sunk in the English Channel. His rescue raft washes up on the shore of the isle of Jersey, which is presently under German occupation. Hugh is lucky to be rescued by Helen de Ville, a Jersey resident who hides him in her home and gets a message to the Allies that she has him. A rescue team is sent, as it is imperative that Hugh Kelso be kept out of German hands because of the information he has about the invasion.

The British send in Harry Martineau, who can perfectly imitate a German officer and has nerves of steel, and young Sarah Drayton, a nurse who can pass for his French girlfriend who also happens to be Helen de Ville's niece. With their forged papers, Harry a/k/a Standartenfuhrer Max Vogel and Sarah fly to France to meet with the Resistance there, and then go on to Jersey to play their parts. At the same time, Field Marshall Erwin Rommel needs to be in two places at once, so he sends an imposter to Jersey to take his place.

Rommel's double and Standartenfuhrer Vogel cross paths and make each other nervous, and Vogel has also raised some suspicions with the powers that be on Jersey.

The story moves from Rommel's imposter, to Harry and Sarah and their friends at de Ville Place, to the German contingent on the island, and cruises along at an easy pace while the danger slowly builds. Things happened that I knew were going to cause trouble, yet the story ambled along in an easy manner, which kept me turning the pages and eagerly anticipating being able to pick it back up every time I had to put it down. I've always enjoyed a good World War II story, and Jack Higgins seems to have a special flair for the era. I not only felt like I was right there on Jersey, but in the rooms with these characters, who were all warm, real people I would want to know. There's something incredibly romantic about the World War II era, with the black market, the bartering, the danger, and the basic lifestyle most people were reduced to as the world at large went off the rails. This book in particular showed a glimpse of life under occupation, and the wonderful human spirit that can prevail in such conditions. Though Jack Higgins has been writing books for a long time, I'm fairly new to them, and I consider myself lucky that there are so many more waiting for me.

The Author Could Do More

By John G. Hilliard

If you have read some of the authors books in the past you have a good idea of what you are going to get. An easy to read and understandable book that is full of action. Because of this I am starting to stay away from his books because I am looking for books with a little more depth. With that said I did fall back into my old habits and read this after picking it up at a sale. He really delivers on a fast paced action book and it seems like he is trying to expand some and use more main characters. For a Higgins book this is pretty good, I am still giving it a bit of a knock because I think with as much experience as the author has he could give us more character development.
