It has to do with just what you could take as well as receive from reviewing this Nothing Personal By Jaci Burton You can choose to select various other publication; however, it does not matter if you attempt to make this book Nothing Personal By Jaci Burton as your reading selection. You will not regret it. This soft documents book Nothing Personal By Jaci Burton could be your excellent pal regardless.

# NOTHING PERSONAL BY JACI BURTON PDF

It was nothing personal, just a business arrangement. Ryan McKay is a multi-millionaire with a problem. He needs a bride to fulfill the terms of his grandfathers will. Unfortunately, the one he chose just bailed on him and hes hours away from losing his company. Enter Faith Lewis his demure, devoted assistant. Ryan convinces Faith to step in and marry him, assuring her their marriage is merely a business deal. Ryan is certain he can keep this strictly impersonal. After all, hes the product of a loveless marriage and for years has sealed his own heart in an icy stone. Despite Faiths warmth, compassion and allure, hes convinced hes immune to her charms. Faith will do anything for her boss, but marry him? The shy virgin sees herself as plain and unattractive, a product of a bitter mother who drummed into her head that she wasnt worthy of a mans love. But she agrees to help Ryan fulfill the terms of his grandfathers will, hoping she doesnt lose her heart to him in the process. But love rarely listens to logic, and what follows is anything but business.

### Nothing Personal

By Kelly

Ryan McKay has a monumental problem. He has to get married within five hours or lose control of McKay Corporation. Feeling there was no other choice, he asked his ever-loyal assistant, Faith Lewis, to play the role as his wife. They only have to be married for a year, but she has to give him a child naturally. Faith had always found her employer very attractive, but she didn't know if she could spend a year with the man and not involve her heart. She knew she had nothing to offer him as she had spent her entire life trying to blend in with the woodwork. Her mother never missed an opportunity to tell her that she was plain, and would never be remarkable to anyone. Knowing he had no capacity to love anyone, she was worried about how she would maintain her distance from him emotionally without getting her heart crushed.

Ryan thought Faith was attractive under all her camouflage, and couldn't believe the transformation in her as

they said their vows. Even though their marriage was going to be in name only, she had transformed from the baggy clothes woman she was hiding, into Cinderella. He couldn't figure out why she worked so hard to hide herself from the world, but he was going to figure it out.

They found settling into married life difficult as they had the world looking in not to mention his cousin James and the company attorney monitoring their every move. It surprised Ryan how attracted he was becoming to Faith, the feelings growing stronger every day. It was no longer just a business arrangement for them, but he promised her they would not have sex for two months so she could get to know him and feel comfortable. When they finally gave into lust, it surprised and scared them both. As they struggled with their emotions, and the attachment that grew, enemies conspired to separate them.

I really enjoyed this book! Ryan and Faith make a very likeable couple, and the characters are well written. People that never put them first subjected them both to dysfunctional parenting, and they suffered for it. Trust is extremely difficult for both of them, and they give it reluctantly. Emotional story that will pull at the heartstrings. A very worthwhile read.

Great book.

By cleemc

Fun to read. I enjoyed reading about Faith's and Ryan's issues and how they overcame them. Ms. Burton is now on my authors-must-read list. Looking forward to reading another one of her books!

A bit of a throwback and I mean that in a good way

By sanoe.net

Nothing Personal is like a throwback to a bygone era of romance novels and I mean that in a good way.

Ryan McKay and Faith Lewis get married because he needs to get married to keep his company and she's the loyal assistant who is willing to do whatever is needed to help him. It helps that she's sort of in love with him too.

Of course, the marriage is supposed to be "nothing personal". Just a marriage for a year, get pregnant (hopefully), and then separate.

This being a romance, the reader already knows the ending, but I was surprised how tame the writing was. Given that this is the same author who wrote *Riding Wild* (*Wild Riders*), I expected a lot more in the steam department, but perhaps Ms Burton wanted a change of pace and with *Nothing Personal*, it was definitely a change of pace.

I would have given this novel a four-star rating because I did enjoy it, but I do have to admit that I felt like I never really got to know the characters as well as I would have liked.

As cliched as it is, I like the marriage of convenience plot device and Ms Burton does a nice job of pacing so that our hero and heroine work towards their "big night". And I don't mind that the "misunderstanding" that all romances are required to have wasn't much of an misunderstanding.

Yet, there was something lacking. I can't put my finger on it plotwise, so I have to conclude that I just didn't quite connect with Ryan and Faith. They are nice characters, but I have to admit that Ryan's dastardly cousin had more charisma than he did. If Ryan and Faith had been developed just a little more, I think this would be a 4-star read.

That said, I did enjoy reading the novel. It wasn't earth shattering great, but it was a pleasant way to relax for a few hours.
