The fun e-book, fiction, past history, novel, scientific research, and other kinds of e-books are readily available right here. As this *Nowhere Near You By Leah Thomas*, it comes to be one of the favored book *Nowhere Near You By Leah Thomas* collections that we have. This is why you remain in the best site to see the impressive e-books to possess.

From School Library Journal

Gr 9 Up—This follow-up to Morris Award finalist *Because You'll Never Meet Me* picks up the story of pen pals Ollie and Moritz right where the previous novel left off. Separated by an ocean—and by unusual health conditions that could threaten both of their lives should they ever meet—the teenage boys continue to exchange letters as they encounter new challenges and uncover more secrets about the laboratory where they spent time as children. For the first time in his life, Ollie has left his isolated cabin in the woods to join his doctor on a road trip to visit other experimental "Blunderkids" from the lab. Meanwhile, Moritz is adjusting to life at a new school as well as a burgeoning relationship with fellow student Owen, who is deaf. As in the first book, the strength of the tale lies in the unique bond between Ollie and Moritz, both of whom are forced to confront their limitations and face their fears about their relative places in the world. The boys' voices remain distinct, and the dual narration once again helps to build tension, though the story loses some of the freshness and novelty of the first one. More firmly rooted in science fiction, the tale also ventures toward the allegorical, which feels a bit heavy-handed at times, and the ending leaves loose a few threads that beg for a third installment. VERDICT Fans of the first volume will likely enjoy reading this new chapter in Ollie's and Moritz's lives.—Lauren Strohecker, McKinley Elementary School, Elkins Park, PA

Review

"Unforgettable and distinct voices . . . A fantastic novel that will be especially resonant for readers who struggle with being or feeling outside of 'normal.'" - starred review, Booklist

"This brilliant follow-up to a clever and unexpected novel does exactly what it should in keeping the same epistolary format but taking these two unforgettable characters way out of their comfort zones and toward lives that are lived rather than waited out, and the result is powerful stuff indeed." - starred review, BCCB

"Ollie and Moritz continue to be compelling characters, struggling to figure out how to use their talents while living within their limitations. In many ways, they are no different than most teens, just a few steps further along the continuum." - VOYA

"Part mad science, part convincing portrayal of the volatile, resilient nature of friendship and grief--and that, as Ollie says, is not science fiction." - Kirkus Reviews

"The strength of the tale lies in the unique bond between Ollie and Moritz, both of whom are forced to confront their limitations and face their fears about their relative places in the world . . . Fans of the first

volume will likely enjoy reading this new chapter in Ollie's and Moritz's lives." - School Library Journal

"The pacing is impeccable, as letters move from sunniness (Oliver) and bemused distance (Moritz) to both writers exploring their darkest fears, experiences, and worries for their futures." - starred review, BCCB on BECAUSE YOU'LL NEVER MEET ME

"A witty, unusual take on friendship and parlaying weakness into power." - Kirkus Reviews on BECAUSE YOU'LL NEVER MEET ME

"Ollie and Moritz are memorable characters with engaging and often humorous voices. . . A quirky, almost whimsical feel even as Thomas grounds it in heartfelt and often painful emotion." - SLJ on BECAUSE YOU'LL NEVER MEET ME

"The two may be eccentric outcasts, but their conflicts, heartbreak, and eventual bond form a relatable and engaging narrative." - Publishers Weekly on BECAUSE YOU'LL NEVER MEET ME

"It's the distinct, deeply memorable voices of Ollie and Moritz that make this novel an affecting page-turner." - Horn Book Magazine on BECAUSE YOU'LL NEVER MEET ME

NOWHERE NEAR YOU BY LEAH THOMAS PDF

Ollie and Moritz might never meet, but their friendship knows no bounds. Their letters carry on as Ollie embarks on his first road trip away from the woods--no easy feat for a boy allergic to electricity--and Moritz decides which new school would best suit an eyeless boy who prefers to be alone.

Along the way they meet other teens like them, other products of strange science who lead seemingly normal lives in ways Ollie and Moritz never imagined possible: A boy who jokes about his atypical skeleton; an aspiring actress who hides a strange deformity; a track star whose abnormal heart propels her to victory. Suddenly the future feels wide open for two former hermits. But even as Ollie and Moritz dare to enjoy life, they can't escape their past, which threatens to destroy any progress they've made. Can these boys ever find their place in a world that might never understand them?

Wonderful sequel - read it in one sitting!

By SE42

I have been waiting not-too-patiently for this sequel to *Because You'll Never Meet Me*. I loved the friendship between Ollie and Moritz and couldn't wait to see where their adventures took them. I was not disappointed - the book picks right up and sucks you into their world where you cheer for them, roll your eyes at them, or want to hug them as they help each other grow up through their letters. The new characters we meet are well-written and full of depth. I've been recommending these books to everyone I know.

The Conclusion?

By Kindle Customer

The ending left a big detail open so I'm wondering if there will be a third book in the series.

I still love the characters and I really liked the new ones Molly and Arthur.

One thing I wish there was more of was Ollie visiting more Blunderkinder. He only met two and from the description I was expecting something more. Another thing I missed was Moritz's dad. He only had a few tiny parts in this one.

Outside of that it was a solid follow-up and the ending will bring a smile to your face for sure. I wish Ollie all the best. He is the sun after all.

Adored this book and its characters

By The NerdHerd Reads

Oh, how much I enjoyed reading Ollie and Moritz again. I was entranced by the first book, and while this wasn't quite to the level of that one, I still loved it so much. It was so good to see my faves again, as well as a whole cast of new characters that I loved getting to know.

Ollie has finally left his home in the woods on a mission to find more of kids like him, and tell their story. Moritz has to decide where to continue his schooling. Both of them have completely uprooted their lives, their only constant being the letters they write to each other.

Again, it takes a very talented writer to write an entire book in letters, and Leah Thomas is that. Both voices were very distinct, and you really got to see their character through the letters. While Moritz's letters were in present time, Ollie's actually lagged by a couple months at first. This wasn't confusing though. It added a sense of mystery and intrigue to what was actually happening, and I found myself wondering what was happening. While the beginning was a bit slow for me to get into (mostly because I forgot some Important Things that happened in book 1 and was a bit confused), once I got into the groove, I found myself needing to know what was happening.

This is a story of Ollie and Moritz finding their place in the world, and with each other. They have both seen some pretty bad things, but they are trying to figure out how to move on and live life. I found myself looking forward to Moritz's parts more in some places, but I still enjoyed both sides of the story that was being told. I also loved the new characters that we got introduced to and their stories.

So, in short, I loved this book. It's a story about messy lives and messy relationships and living and I adored it, just like I adore Ollie and Moritz.
