Hilarious Spoof

By brandilynn7

This book is intended as a humorous gift for any parents and in particular parents who are familiar with the children's book series "That's Not My..." It's a witty homage to the children's books that is intended to be given to parents for a laugh and is total satire. It's short and funny and is a perfect gift for new parents. The pages include- That's not my husband he's: sterilizing bottles...home for bathtime...doing the laundry...getting up in the night. It ends with: "THAT'S my husband!! He's texting me from the pub."

Funny parody book to go along with the children's book series. Just make sure your little one's don't think it belongs to them when they are old enough to understand.
