Compressed visual narratives are Tomer Hanuka's stock-in-trade. He's an illustrator by occupation, but his book covers, comics and editorial renderings transcend that title. In *Overkill*, he's selected some of his most vividly drawn and intensely colorful work, juxtaposing intense imagery with a truly unique palette. Hanuka is the winner of gold medals from the Society of Illustrators and the Society of Publication designers, and has been featured in numerous magazines. Arresting illustrations of Tomer Haunka

By Parka

[[VIDEOID:mo201DCKASEO05M]]Tomer Hanuka was born in Israel, studied art and lives in USA.

It's hard to miss the bright pink clothed cover on any bookshelf. The book is a large format 104-page hardcover. *Overkill* collects mainly his commercial works with a handful of personal pieces. He has done work for *Playboy* magazine so there are some sex themed illustrations included.

His illustrations are highly imaginative, at times psychedelic. Most revolve around dark subject matter. The first illustration in the book shows an old baby something being born out of someone's mouth.

Many of his work feature strong juxtaposition, either through imagery or the use of colours. His colour palette is quite arresting, particularly for pieces that use strong complementary colours. He doesn't use much gradient for his colours so they look very manga style. I had actually thought he was a Japanese artist because of his colouring. And his composition is masterful.

Also available is a limited edition of the book with a slipcase and an A4 print of a girl with a giant lizard. You can get that at [Upperplayground website](#).

This is a great art book. You can check out more work on his [website](#).

Don't let the pink fool you - this book is raw and amazing!

By Richard D. Eldridge

I became aware of Tomer Hanuka through his poster work for Mondo, Austin (Alamo Drafthouse). I loved his electric style, eventually I searched to see if there was a book collecting his art and found this. This is one amazing art book. The use of color, exaggerated perspective and the compositions are breath taking. Highly recommended

An Artist's artist!!!!

By B. Cheshire

I would recommend this book to any artist looking to get a grasp on composition. Tomer is the master craftsman when it comes to composing a picture. Oh yeah...and his color choices are bold and right on the money.
