# **PATHOLOGY MADE RIDICULOUSLY SIMPLE (MEDMASTER RIDICULOUSLY SIMPLE) BY ZAHER PDF**

Written by the Chairman of the Department of Pathology at the Medical College of Ohio, this book provides an up-to-date, clear, clinically oriented, and enjoyable review for all students of pathology and pathophysiology. Contains numerous humorous figures, mnemonics, and useful tables along with clinicopathologic correlation, molecular and genetic bases of disease, and high-yield knowledge for medical exams (e.g. USMLE Step 1 and others). Compares pathology with normal histology through many color images, with links to the Internet for additional images and information.

A great warmup

By devsfan46

This book is great as a warm up before tackling the chapter in Robbins. The cartoons, mnemonics, and easy tone make pathology a little less intimidating.

I would read the chapter in this book first, and it made reading Robbins much less overwhelming.

I would not use this book as a primary source for studying path, but it has turned out to be extremely valuable in helping me really understand what I'm reading. It clarifies all those little things you forgot from first year that you need again for second year.

For the price, and the frustration it will save you when learning path, I would say this is a good buy.

She loved this book

By Betty J. Triner

Purchased this for my granddaughter who is a neuro science major. She was shadowing a Path doc this summer and needed a quick boost! She loved this book!
