Murphy](#) in this internet site.

# **READINGS FOR A HISTORY OF ANTHROPOLOGICAL THEORY, THIRD EDITION BY PAUL A. ERICKSON, LIAM D. MURPHY PDF**

This comprehensive anthology presents 40 readings that are critical to an understanding of anthropological theory and the development of anthropology as an academic discipline. The readings have broad anthropological appeal, emphasizing social and cultural anthropology.

The third edition has been completely revised throughout and organized to work more closely alongside the companion overview text, *A History of Anthropological Theory*. It includes six new readings as well as two original essays written by contemporary anthropologists on "Why Theory Matters." These new essays help ground the more abstract readings in the collection. The glossary has been significantly expanded and the discussion questions have been revised. The result is a volume that offers not only a strong foundation in the history of the discipline but also a good overview of developments in twentieth- and twenty-first-century anthropological theory, including feminist anthropology, postmodernity, medical anthropology, globalization, postcolonialism, and public anthropology.

Three Stars

By A. Moody

used it for collage and it helped alot

1 of 4 people found the following review helpful.

not great

By bob

much better out there, try mcgee warms. would not recommend. same for companion book. visions of culture superior. professors should look at other books.

7 of 7 people found the following review helpful.

Anthropologists Represented

By Brian Siegel

What this page needs is a Table of Contents. Don't have time for that, but here's a list of the anthropologists surveyed in this reader.

Under The Early History there are articles by Marx and Engles, Tylor, Morgan, Spencer, Darwin, Freud, Durkheim, Weber, and de Saussure. This is followed by a one-page Why Theory Matters by Don Brenneis.

Under The Early Twentieth Century you've got Boas, Lowie, Kroeber, Mead, Benedict, Levi-Strauss, Leach (on Structuralism), Sahlins (Islands of History), Radcliffe-Brown, Malinowski (from Argonauts), Fortes and Evans-Pritchard (African Political Systems), and Gluckman. This is followed by a two-page Why Theory Matters by Louise Lamphere.

The Later Twentieth and Early Twenty-First Centuries features Sapir, L.White, M.Harris, V.Turner, Geertz, Susan Gal, M. Strathern (she and Gal on gender), E.W.Said, E.Wolf, T.Asad, M.Foucault, P.Bourdieu, J.Clifford, G.Marcus and M.Fischer, S.Ortner, M.Lock and N.Scheper-Hughes (medical anthro), A.Appadurai (globalization), Stefan Helmreich and Heather Paxon ("Sex on the Brain"), and Jonathan Marks (on The Bell Curve).

A respectable selection of readings. Probably best if paired with Erickson and Murphy's little history.
