Spanish for Physicians, Patients and Everyone

By A Customer

This book 'Spanish for Dummies' is a joy to read. The author stresses learning at your own speed. I am learning Spanish so that I can converse with my ever-increasing population of Spanish-speaking patients. It really makes a difference. I see lots of smiles when I struggle to get the accent correct. The book comes with a CD that is invaluable for pronunciation. Have Fun!

Great learning tool

By Amazon Customer

Great learning tool, like all the For Dummies books. This focuses on Latin American Spanish, and I had bought this for a trip to Spain, so there were some differences. For the most part though, it's a great reference!
