Monstrous Governmental Crime Exposed by a Victim

By Del

Roseanne tells it like it is, at great risk to herself. Targeted Individuals will immediately recognize the various forms of torture, harassment, surveillance, etc. The world not only ignores the plight of these innocent victims, but ridicules them as well. How can the public allow this to happen to millions (estimate as of a few years ago, 3.8 million) in good conscience? Read some of the inside pages for yourself. How would you feel under the same circumstance?
