... individually through Kindle Unlimited in one sitting and was disappointed when I reached the end - I wanted more

By Alexandrite

I read the installments in this series individually through Kindle Unlimited in one sitting and was disappointed when I reached the end - I wanted more. Tate is a new author to me; her writing is humorous and pulls the reader along for the ride. My only regret was there was no epilogue. Is Rhal's story next?

Loved this book

By cm29

I am always on the hunt for new stories to read. I found this author by accident and I am really glad I did. I like the story line and the characters. Could it be longer - Yes and I wish. The story is well written - the world building is well done and doesn't take up half the books like some try to do. I like the fact that the women are not weak and the men are Alpha.

Awesome read wish it was a little bit longer

By LTODD

Really enjoyed reading this bundle I was so caught up in the storyline I didn't even realize that I came to the end of the bundle. So the only negative thing I can say is I wish it was a little bit longer for it being the complete series

Hope there will be more in this series.
