THE BIGS: THE SECRETS NOBODY TELLS STUDENTS AND YOUNG PROFESSIONALS ABOUT HOW TO FIND A GREAT JOB, DO A GREAT JOB, BE A LEADER, START A BUSINESS PDF

What is The Bigs? In baseball, "the bigs" is slang for the big leagues. When you become responsible for yourself, and you are being paid to do a job, you are in the big leagues. The real world is tough, competitive, and much is expected.

This is a quintessentially American story of one man's journey through his career and life. Wall Street veteran Ben Carpenter chronicles the people he met, the experiences he had, the mistakes he made, and what he learned along the way. Readers will encounter a colorful cast of real-life characters which include Big Hank, Hoops, Sweater Girl, The Zombies, Mr. Nuts, The Cheese, Deep Throat, and The RAT. Their tales illuminate Carpenter's progress from newly minted liberal arts graduate, to the owner of an out-of-control bar in Manhattan, to the CEO of a major international investment company.

While the real world can be very fun, it's also very much a battle, and that battle is not easy for anyone. The Bigs is an eye-opening book with specific, comprehensive, and practical advice you won't hear anywhere else. This is a book that parents will want to read and give to their children—and their children will want to read and share with their friends.

Fantastic, fun, down-to-earth, incredibly helpful resource for anyone looking to break in and get ahead

By Bigelow

I know quite a few people (including myself) that have a lot to gain from this amazing book. It pulls aside the curtain on what it takes to get a job and how to succeed once you're in the door. Not only that, THE BIGS is filled with revealing and amusing anecdotes that bring the lessons vividly to life. This is an eminently practical and entertaining guide that every parent should buy for their graduating children. Must reading for young professionals! I'd give it 10 stars if I could. Highly recommended!

Life and business secrets revealed

By L. Miller

While you'll probably find this book in the business/finance section, it's much more than that. There are lessons on how to deal with adversity, how to stay out of trouble, and how to create a happy life, which was really interesting to read. I found myself developing a new perspective on life and business. Highly recommend!

the most entertaining and inspiring business/personal development book in a long time

By Charles R. Gordon

My wife got this book for our graduating senior but I have confiscated it and read it several times. This book really is a gift to anyone who reads it and needs to be on the reading list for any professional intent on succeeding in business and in life. I found myself rooting for Ben from the first chapter and held my breath as he battled through health challenges and cheered as he persevered. This book is readable and entertaining. The author takes you inside Wall Street finance and demonstrates that you can have FUN while working and succeeding. And you don't have to choose your career over your family to succeed. I highly recommend it to graduates- and their parents. If you are considering purchasing for a graduate, consider getting a second copy so you don't have to steal your gift back!
