One of the best Mexican/Southwest cook books out there

By EatWisconsin

I ate at Elote last February and was blown away with my meal so when we returned home I ordered this book directly from the restaurant. Everything I have made has been outstanding. The Elote is always a hit as a great appetizer and the carnitas, with their strange ingredient list including Coca-Cola, Orange Juice, and Milk) are some of the best I have ever had. If you are stuck in the usual rut of cooking Tacos, Burritos, and Enchaladas, this book will get you out of it.

Well thought out and delicious cookbook

By Larisa C.

I stumbled upon Elote Cafe while on a trip to the Grand Canyon in Sedona. Despite the icy, snowy weather and unsafe driving conditions while there, the little place was packed - and rightly so. This chef puts a lot of thought and care into his recipes and the quality of his food. I'm Mexican-American from California, and I know what an authentic, good dish of Mexican food is, and I'm highly pleased that Jeff Smedstad got it right. His cookbook represents this, and is full of colorful pictures, detailed and practical instructions, and each recipe has a personal anecdote from him or explains the history of the dish. Overall, this cookbook is very personal, you notice the effort he put into it, and how much he selflessly gave of himself and his restaurant in this book since every recipe from his restaurant is here. He's definitely an authority on Mexican cuisine, having spent so much time there, and the book encompasses dishes from various regions of Mexico - of course he's put his own touch to them. I highly recommended this cookbook!

Fabulous cookbook !!!!!!!

By happy camper

I can tell you - I have this cookbook and the recipes are outstanding !!! OMG, I've made three of the best meals ever! My husband thinks I'm amazing!
