This Really Works!!

By Lee

This is the first and only book I ever bought on the subject of witchcraft. I purchased it in the 1980's as a young teen. As I do not have other references to compare it to, I will tell you that the materials in "The magic power of witchcraft" produce results. Some of the activities seemed too simple to work, but all of them did. I am only leaving this review to let others know that the stuff in here works. I came across this title on Amazon and read a few very bad reviews. I can honestly say that anyone who says it doesn't work, did something wrong or did nothing at all.

Not "Wiccan" at all

By Robin M Goffinet

It uses the term "witchcraft" in the title because this is not a wiccan fluffy bunny BS book. This gets down to the nitty gritty and actually tell you how to DO stuff. Each section has it's own affirmation for that particular talent.

Sections include astral projection, spirit guides, how to win someone over, and how to make your money grow.

The Frost's are straight up and forward about everything. There are no disclaimers and no ethics crap. This stuff works!! Use at your own risk and be careful what you ask for.

Recommended by Witches? Just kidding!

By Jason B. Melton

This item arrived in perfect condition! I owned a copy of this back in 1981. I ordered it out of an ad in one of my comic books.
