THE TRAVELS OF JAIMIE MCPHEETERS (ARBOR HOUSE LIBRARY OF CONTEMPORARY AMERICANA) BY ROBERT LEWIS TAYLOR PDF

The Travels Of Jaimie McPheeters (Arbor House Library Of Contemporary Americana) By Robert Lewis Taylor. Delighted reading! This is just what we wish to say to you who love reading a lot. Just what about you that claim that reading are only obligation? Don't bother, reviewing practice should be begun with some specific reasons. One of them is reading by obligation. As exactly what we wish to provide here, the e-book entitled The Travels Of Jaimie McPheeters (Arbor House Library Of Contemporary Americana) By Robert Lewis Taylor is not sort of obligated e-book. You could enjoy this e-book The Travels Of Jaimie McPheeters (Arbor House Library Of Contemporary Americana) By Robert Lewis Taylor to read.

From Library Journal

If Huck Finn had gone West during the Gold Rush and lived to tell about it, he might have sounded much like Jaimie McPheeters in describing his incredibly hazardous trek by wagon train to California in 1849. Jaimie shares the storytelling with his father, an intelligent Scottish doctor whose ebullient personality is only slightly undermined by a weakness for gambling and strong drink. Reader Michael Lee is totally convincing as he reproduces, first, the thick Scottish brogue of the father; and then, the excited innocence of 14-year-old Jaimie. This audiobook's appended afterword, citing the author's impeccable research, makes it clear why the book won the Pulitzer Prize in 1959. Like *Lonesome Dove* (Audio Reviews, LJ 2/15/93), another Pulitzer Prize winner, it transforms history into breathtaking adventure. Highly recommended.

About the Author

Taylor was a reporter for the St. Louis Post-Dispatch and a staff writer for *The New Yorker* for many years.

John Jakes (b. 1932), the author of more than a dozen novels, is regarded as one of today's most distinguished writers of historical fiction. His work includes the highly acclaimed Kent Family Chronicles series and the North and South Trilogy. Jakes's commitment to historical accuracy and evocative storytelling earned him the title of the godfather of historical novelists from the Los Angeles Times and led to a streak of sixteen consecutive New York Times bestsellers. Jakes has received several awards for his work and is a member of the Authors Guild and the PEN American Center. He and his wife, Rachel, live on the west coast of Florida.

From AudioFile

The story of America has many tellers but few as edifying, humorous and dispassionate as Taylor in his Pulitzer Prize-winning novel. This story follows Jaimie and his father, Sardius, on the long trek to California's El Dorado. We experience the world of the '49ers through the boy's clear-eyed, if somewhat judgmental, attitudes, aided by erudite commentary from his feckless pa. Lee gives each voice individual

character and reads with assurance and enthusiasm. Regional dialects and gender are unfailingly clear. His narration of such a range of characters is a triumph. Thorndike is to be commended for bringing this adventure of American life to the audio format. S.B.S. An AUDIOFILE Earphones Award winner

Great story for younger teens.

By Alice Maguire

Good first person account of the gold rush as told by a teen boy and his father. Hopefully, it is factually well researched, in which case it gives you a good idea of what life was like back then for settlers and Native Americans. Even though the story line was filled with adventures throughout, I got the feeling that the first few were added for show rather than to further the plot. None-the-less, by the end of the story I had been caught in its web.

Although this novel brought Taylor a Pulitzer Prize I don't ...

By Amazon Customer

Although this novel brought Taylor a Pulitzer Prize I don't find it that intriguing. Jaimie's travels are full of historic references and period descriptions that gave me the feeling that the plot and characters were developed to fill in a early 20th century travelogue rather than adding nuance and color to the characters lives.

I guess I was hoping for something closer to Lonsome Dove than Travels with Charlie.

Go West Young Man... with your eccentric father...

By book lover

(4.75 stars and my copy of this book is a vintage paperback)

This is the story of a precocious young Kentucky boy who goes West with his father in 1849 to hopefully strike it rich in the gold fields of California. There's adventures, some great characters, some killing, some humor, and satire. I'm taking off a quarter of a star for at least one episode in the book that goes against what I've read in the past. The author has a band of Crow Indians attack a wagon train. The Crows were known to be friendly to the whites. It's not a big deal, but irked me and thus the 4.75 stars. (Of course, there's always the chance that the author read something like this once and used it in his book.)
