... near future trip to Peru and it is an awesome book. Since I have read this book

By Mtn. Lady

My daughter gave me this book to prep me for my in the near future trip to Peru and it is an awesome book. Since I have read this book, I have been in contact with travel groups that visit many of the villages of the Q'ero and have been studying their practices to more fully appreciate my experience in Peru. This is not a travel guide, but a true life experience. Not to be taken lightly. There is much to experience, but a person's age must be taken into consideration. I purchased this book as presents to new friends who are also planning a similar experience.
